

## PR-1-NRF

test data – TD-29

Adaptor frame model PFT in the accessory section may be used with this product in order to install this frame on a plaster or similar ceiling.

### product description

The model PR-1-NRF is identical to the PR-1 with the exception that the face cannot be removed. A perfect air seal is achieved by crimping the face and back to the

one-piece joining frame. This model is available with either round or square neck.

Model	Grid Size	Type of Neck
PR-1-NRF	24 x 24	Round
PR-2-NRF	24 x 24	Square

If on the round neck units the butterfly damper option is chosen, the suffix "BFD" should be added to the unit. As an example: **6-PR-1-NRF-BFD**.

If on the square neck units the opposed blade damper is chosen, the suffix "OB" should be added to the unit. As an example: **8x8-PR-2-NRF-OB**.
