T-BAR DIFFUSERS
LAY-IN CEILING DIFFUSERS FOR T-BAR APPLICATIONS
MODELS: AVPT, AVPTOB, AVPR, AVPROB

DESCRIPTION:
1. Frame and blades are 6063 extruded aluminum alloy and 200-R1 satin anodized finish.
2. The special frame of this model is designed so that, when mounted directly on an inverted T-bar, the unit lies flush with the ceiling system.
3. The core of this model is fully removable for easy installation. When installed in a regressed ceiling, the diffuser drops 3/8" to install flush to the ceiling plane.
4. This model is designed to fit the following T-bar systems: 24"x24", 24"x36", 24"x48", 36"x36", and 48"x48".
5. An optional OB damper mounts through a series of spring clips and is lever-operated from the face of the unit.
6. Square and rectangular patterns are available.
7. Available in clear anodized, white or a variety of custom colors.

OPTIONS:
1. Finish
