

CEILING DIFFUSERS

SQUARE CEILING DIFFUSERS

MODELS: JS3,JS3OB

SUSTAINABLE EXTRUDED ALUMINUM

Dimensions are in inches (mm)

DESCRIPTION:

- 1. Frame and blades are 6063 extruded aluminum alloy with 200-R1 satin anodized finish.
- 2. At the outer edge of the frame is a specially engineered channel which retains an extruded flexible vinyl gasket that produces a positive air seal at the mounting surface, minimizing smudging.
- 3. This model increases in 2" increments beginning with 6"x6" through 24"x24" as the largest size. The core is non-removable.
- 4. An optional OB damper mounts through a series of spring clips and is lever-operated from the face of the unit. The damper frame is separated from the blades with nylon bushings. This method of assembly eliminates corrosion and vibration.
- 5. Standard finish is Anodized. Other finishes are available.

MODEL:

JS3

□ JS3

Square ceiling diffuser, 3-way

□ JS3-OB

Square ceiling diffuser, 3-way with OB damper
